Motted rhombus   X16966_en

Dessign a function *motted_rhombus*(*n*) that given an int value $n > 2$ writes a motted rhombus of side *n*.
The statement asks for a function that writes something, thus in this problem print will be used instead of return.

Sample session

```
>>> motted_rhombus(4)
   *
  * *
 * * *
* * * *
 * * *
  * *
   *
>>> motted_rhombus(7)
      *
     * *
    * * *
   * * * *
  * * * * *
 * * * * * *
* * * * * * *
 * * * * * *
  * * * * *
   * * * *
    * * *
     * *
      *
```
